

COVID-19 products and services

For a **safe**
working
environment

Protect your **staff** | **business** | **NHS**

Coronavirus has become a global pandemic and has impacted the world in a way we could never have imagined.

We understand now that this maybe a virus that we will have to live with and adapt our working life to for some time. Social distancing is one of the best ways to help reduce the risk of the virus spreading from contact or coughing and sneezing.

ACM Environmental offer a package of innovative products which are able to aide in the protection against the spread of coronavirus. This will help towards protecting your staff and business. We have a range of products and services which are available on competitive rental pricing structures.

Speak to our team now for information on how we can implement a safe working environment which will give you and your staff peace of mind that you are putting their welfare first.

Our products and services are for all types of environments from offices, schools, and healthcare to construction and housebuilding sites. We can tailor the services to meet your needs - please speak with your account team to discuss your requirements.

Sanitising

We have a range of sanitising solutions, from floor stands, desk top stands, wipes and personal pump bottles. Encouraging staff and customers to sanitise when entering and leaving the building will be easy with our sanitising stations and advertising.
